Dollar Days, Circus Bring Folks to Town

Antioch Streets and Side Walks Are Crowded During Week-end

Antioch "Dollar Days" sales sponsored by local business establishments and the Dailey Bros. circus playing at Hillside avenue and Route 173 combined with the usual week-end influx of visitors to produce considerable traffic congestion all through town Saturday evening.

Cars were parked for blocks along business and residential streets, and filled parking lots and vacant areas to overflowing. Hundreds of shoppers, bent on securing bargains among the clearances of summer goods or on provisioning their families for the week-end, filled the stores, while crowds of "lookers" wandered up and down, looking, and the hungry and thirsty sought refreshment in restaurants and taverns.

Shop keepers wore a harried look and so did waitresses and bar tenders. Foot balm and comfortable shoes were reported to be at a premium Sunday morning.

Merchants Pleased

Dollar Days sales Friday and Saturday were reported by the participating stores to be a decided success.

"They cleaned me out!" exclaimed Otto S. Klass, veteran Antioch men's and boys' wear merchant, referring to the manner in which bargains in sport and summer wear were "snapped up."

"I was delighted with the fine response to my advertisement in the Antioch News!"

"Our fine Dollar Days offerings in women's and children's wear were rapidly cleared by the excellent volume of business Friday and Saturday," reports Mrs. Thomas F. Hunt, proprietor of MariAnne's.

"We sold out practically to our last white dress," said Mr. and Mrs. Ernest Birger, of the Style shop. "We are greatly pleased with the response to this, our first Dollar Days sale in Antioch."

"Williams' did an excellent business over Dollar Days," Russell Barnstable of Williams' Department store observes. "Our customers, too, seemed to appreciate the Antioch merchants' many fine good will offerings in the form of real Dollar Days bargains."

Also reporting good business during the two days of the sale were other participating stores and establishments, including King's Drug Store, Hachmeister's Quality Meat Market, Keulman's Jewelry store, Reeves' Drug store, Scott's Shoe Repair shop and the Antioch Liquor store.

Shoppers, too, were pleased. "You certainly can buy fine quality goods in Antioch at reasonable prices," one woman exclaimed.

"Shopping opportunities in Antioch are amazing!" declared another.

"You surely can SAVE in Antioch!" was the enthusiastic comment of many.

BATHING BEAUTY AND JITTERBUG ENTRIES COMMENCE ARRIVING

Entries for the bathing beauty revue and the jitterbug contest that will be two of the main features in the Antioch Lions festival this week-end have been arriving this week at the MariAnne shop in Antioch, where Mrs. Thomas F. Hunt is taking registrations for these events.

It is expected that there will be quite a few last-minute entries for both the revue, to be held Saturday afternoon at 2 o'clock, and for the jitterbug contest at 8 p. m.

Lillian Atwell of Lake Villa and Phyllis Ann Carrigan of Cross Lake are among those registered for the revue.

An amateur team billed as "Vivian and Muzzy" is entering the jitterbug contest from Huntley Lake, Ill.

Dudley Ward, 15, Is Injured in Fall to Dock

Dudley Ward, 15-year-old son of Mr. and Mrs. W. W. Ward, is reported to be recovering from injuries suffered in a fall from the top of a diving tower to the dock Monday afternoon at Channel Lake.

Ward was moved to his home in Antioch rescue squad's truck, which also conveyed him to St. Therese's hospital in Waukegan for X-ray pictures of his shoulders and neck Wednesday morning.

A number of other youths were on the tower with Ward, and he is believed to have been thrown off balance when jostled by one of them.

They're Busy!

Two of the busiest men in this town today are Walter Scott, Festival chairman, and O. E. Hachmeister, Lions Club president, who are putting the final touches on arrangements for the annual Lions Festival which opens tomorrow.

"Lake Villa Days" Celebration Well Attended All 3 Days

Favorable weather combined with an enjoyable array of entertainment to insure a good attendance on all three evenings for the annual "Lake Villa Days" celebration held Friday, Saturday and Sunday at Lake Villa for the benefit of the fire department.

Highlights of the affair included a parade, and water fights on Sunday.

Teams from visiting fire departments took part in the water fights, with Antioch losing out to Wauconda. On the Antioch team were Jim McMillen, leader, Mrs. John Horan, Mrs. Elmer Hunter, Mrs. C. E. Hennings and Lieut. John Horan.

The Antioch Junior Legion Drum and bugle corps marched in the parade.

Hawkins Enters Second Tourney Plays in the 36th Amateur Event on Jackson Park Course

Fred E. Hawkins, son of Fred O. Hawkins, has again been putting in a creditable golf tournament performance, this time playing by invitation in the 36th annual Chicago amateur golf tournament which opened Monday on the Jackson park course.

The tournament will continue through this week, with finals on Saturday.

Hawkins tied for second position Monday with 71, sharing with Joe Papich of Jackson Park, 71, and Dewey Banco of Pipe of Peace, 71. Par for the course is 70. Hawkins had an eagle 2 on the 11th.

Leading the record field of 255 contestants were Earl Gocke of Jackson Park, Keith Morrison of Lincolnshire and Jack Kamisler of Ravisloe, with sub-par scores of 69.

On Tuesday he was paired in the upper bracket of the first round championship flight with Corbett Stofko, of Jackson, who made a 76 in the qualifying rounds Monday.

"Risky?" Says Capt. Hugo, Jumper; "It's All in the Day's Work!"

"Risky? We-ell, yes, I suppose so, but I've been doing it for 29 years," says Capt. E. H. Hugo, champion high diver who will be featured in the Antioch Lions Club festival.

"I began when I was a kid, jumping off railroad bridges into water. One day a showman came along and said he'd give me professional billing and see that I got paid for jumping if I'd tie up with him. So I did. That was on April 1, 1911. On April 21, I did my first paid dive, 60 feet into water, at Oklahoma City."

Speaking of his "act," Capt. Hugo revealed engineer's figures which indicated he is traveling at a velocity of 58 miles per hour when he strikes the net, which is some 90 feet below the dizzy height from which he plunged. The braking power required to stop his body in the space of seven feet is tremendous—said to be many tons. On the rebound he is tossed some 15 feet into the air, lands again and is seemingly none the worse for his adventure. After 29 years at this dangerous and strenuous business, Capt. Hugo must be classed as "rugged."

Hugo was born in the old "Indian Territory" at Vinita, Okla., near Tulsa.

"Dad was in the 'land rush' in 1889," he says. "When I went to get a passport for a foreign tour a few years back, I was kind of out of luck, because they wanted my birth certificate. I told them, the only law in the country then was a U. S. marshal and the only law-enforcing agency was at Fort Smith. There wasn't even any doctor in the country."

"Finally they decided I was like Will Rogers—the fact that I was there was proof that I had been born."

"Oh, yes, I've traveled considerably. I've been to Australia, Japan, China, the Philippines, New Zealand—and to two islands I don't think any other performer has visited, Vuva, in the Fijis, and Pago Pago, Suva. You know, the harbor at Pago Pago is an old volcano crater. They don't know how deep it is, for they never have 'found bottom' there."

Capt. Hugo arrived in Antioch Monday, accompanied by his wife and their twelve-year-old daughter, Laura Lee. Laura Lee goes with them on tour (continued on page 8)

Committees Announced for County Fair

Horse Show, Exhibits, and Cattle Judging Are Among Features

Plans have been completed and committees announced for the Lake County fair to be held at Antioch August 29, 30 and 31, on the high school grounds.

Committees include: cattle exhibits, C. Snetinger, Lake Zurich; sheep and swine, Harrie A. Tillotson, Antioch; poultry and pigeons, Bert Edwards, Antioch; agricultural products, Emmet King, Wadsworth; horticulture, Wilbur Bennett, Antioch; floriculture, Ralph McGuire, Lake Villa; fine arts, Miss Lottie Jones, Antioch; domestic arts, Mrs. Charles Hook, Gurnee; pantry stores, Mrs. W. A. Chandler, Gurnee; education, W. C. Petty, Antioch.

Kutil; standard bred poultry, Bert Edwards and Gilbert Clem; farm electrical, C. L. Kutil; corn, potato and garden judging, C. Snetinger and Paul Arndt.

The Girls' 4-H club exhibits, Mrs. Helen Johnson Volk, home adviser, and county 4-H leader and Mrs. Louis Cerk, county chairman.

Horse show, Earl H. Kane of Mundelein.

High School To Register Pupils Aug. 26

Registration for the school year 1940-41 at Antioch Township High school will begin Monday, August 26, according to Principal J. O. Austin.

Mr. Austin states that—"Freshmen should register on Monday, Sophomores on Tuesday, Juniors on Wednesday, and Seniors on Thursday. Exceptions to the schedule will be made whenever necessary."

"Freshmen should bring evidence of graduation from 8th grade. Other new students should bring previous years' report cards."

"The following data pertaining to birth record and residence should be checked up before coming to register. For birth record we need to know the year, month and day of birth, and city, county and state of birth."

"Under residence data, we need to know in what elementary school district you are living now, the state, county, township, and section number, your distance from school and method of transportation. These are vital statistics which we use many times. You will save time for yourself as well as for the office, by having this ready when you come to register."

Registration of Aliens

From August 27 to Dec. 26 is the period allotted the Antioch post office for the registration and finger-printing of aliens in this vicinity. Postmaster James F. Horan announces. All alien residents more than 14 years of age must be registered. Further information may be secured from the postmaster.

LIONS FESTIVAL OPENS FRIDAY

CUT IT NOW!

Antioch News, "Just a Community Weekly," Enters 54th Year Today

With this issue the Antioch News completes the 53rd year of its existence. Anniversaries, in themselves, mean little; over fifty years of useful service means much to the community and to the personnel of the organization that makes the service possible.

From a modest beginning when the News was founded back in the days that might be called the later pioneer period of the community, the News has come to be recognized as one of the state's leading community weeklies. It is still modest—it is still a community weekly, which is all it was ever intended to be. And it's a big job just to keep it a good community weekly. The News has never injured its integrity by making immodest claims of merit, or circulation, or importance; it has no "complete county coverage," and it has not made several papers grow where every sensible person knows there is room but for one. Great metropolitan newspapers do not spring from small towns, however much may be said to the contrary.

The Antioch News will continue to be a community weekly, and as good a newspaper as we can make it.

The News has received citations for merit from both state and national editorial associations. Of these it is proud.

The right to existence, the right to prosper in any business is measured most accurately in terms of service rendered. That the News has endured for over half a century is proof of its usefulness. The publisher and the entire staff are proud to have a part in the life of a worthy and useful institution—a community weekly newspaper.

Former Antioch Township Farmer Dies at Grayslake

Myron Olcott, who was born at Solon Mills, Ill., March 4, 1856, was laid to rest Tuesday afternoon in Avon cemetery following funeral rites held in the Strang Funeral home in Antioch at 2 p. m. with the Rev. S. E. Pollock officiating.

Olcott, who had made his home in Grayslake for four years, died Saturday. He had been ill for eight months. He was for many years a farmer in Antioch township.

His parents, Marvin and Fannie Olcott, were pioneer settlers at Solon Mills.

Olcott's wife, Mary, preceded him in death about three years ago.

Surviving him are three daughters, Mrs. Florence Wingate, Crystal Lake; Laura Olcott, Elgin; Mabel Olcott, Grayslake; four grandchildren, Mrs. Philip Dornbush, Waukegan; LeRoy Wingate, Crystal Lake; Lucille Wingate, Elgin; Ellen Wingate, Streator, Ill.

"Woody" English, former Cub third basemen, stopped in Antioch yesterday to call on his old friend, S. H. Reeves. Reeves, who was a talented ball player in his younger days, and "Woody" were amused when they compared their hands, which bore marks of having been injured around the finger joints. English now owns a cocktail lounge in Chicago.

Society Riders Turn Out For Fair at Wilmot

North Shore Residents Will Take Part in Horse Show Tonight

Among the host of fairs and festivals going on these days, the twenty-first annual Kenosha County fair at Wilmot is more than holding its own for color, entertainment and attendance.

The fair will come to a climax this evening with a horse show that is expected to draw a number of fine entries from Chicago's North Shore.

Among them are H. Leslie Atlass, Elaine Victor, Margery Lloyd and Arlene Hoier, who plan to go on afterward to enter their horses in the Delavan Lake show Friday and Saturday.

Horse shows Tuesday and Wednesday evening also drew splendid entries—some of them of a class hitherto only shown at the Wisconsin state fair and outstanding horse shows in Milwaukee. William A. Chandler, Gurnee, Ill., and Dr. R. Bovig, Waukegan, are commentators for the horse show and George Price is ring master.

3,000 There Wednesday

More than 3,000 visitors were present last evening, and a larger attendance is expected tonight.

General exhibits, including home arts and 4-H clubs, are believed better than ever before.

This morning a parade of blue ribbon winners in the livestock division was a feature.

A pet and decorated vehicle parade was staged by the youngsters Wednesday morning, and on Tuesday morning the Wilmot high school band, the Antioch Junior Legion Drum and Bugle Corps and the Salvation Army band from Camp Lake marched in a parade that included horse show entries led by Mrs. Edward Mutz, Trevor, decorated floats, Mari Gras figures and many other entries.

The Bessie Barnes dance revue, featuring baton-twirling numbers and other show specialties, has been making a hit in the entertainment line.

Meals are being served to patrons on the fair grounds this year, and are meeting with decided favor. They are sponsored by the Wilmot P. T. A. under the general chairmanship of Mrs. W. R. Schenning. On the first day of the fair a beef dinner was served with Mrs. Roy Swenson, Camp Lake, acting as chairman-for-the-day; the second day's meal was a baked ham dinner served under the direction of Mrs. Florence Schenning, Fox River; and the last day, Mrs. Emma Elfers, Salem, was chairman of a group which served a roast pork dinner. The Mothers' club of Wilmot with Mrs. William Wertz as chairman is operating a quick lunch stand on the grounds.

Mrs. Franklin Bradley, Somers township, has been secured to assist Mrs. Howard Ream, West Allis, in the judging of the Home Economics department.

A large crowd of friends gathered to congratulate Mr. and Mrs. H. E. Holzrichter at the second anniversary celebration of their Old Orchard Inn on Highway 21 Saturday evening. A cold lunch was served.

Three Days of Fun for All to Start Tomorrow

High Dive, Bathing Beauties, Jitterbugs, Derby Among Features

The Antioch Lions Club festival and "good times" have become almost synonymous since these annual summer celebrations were started two years ago.

This year the third annual Lions festival is being anticipated with pleasure by the thousands who enjoyed themselves at the other two. Many others who have not yet had the fun of attending one are looking forward with pleasure to a good time Friday, Saturday and Sunday—or all three days, in many cases.

Summer visitors and residents in the lakes area are not the only ones who will have a good time at the three-day free celebration. Hundreds more from practically all cities within motor-driving distance will join in the week-end trek to Antioch.

Chicago and suburbs are represented by a large delegation. Kenosha, Waukegan, Elkhorn, Burlington, Racine, Milwaukee, Lake Geneva, Barrington, Richmond—these will also contribute quotas of festival celebrants.

Add Floor Show

A floor show attraction featuring a girls' dance team from Kenosha has been added to the program, O. E. Hachmeister, president of the Antioch Lions club, announces. The floor show act will go on each evening at 7 o'clock.

A soap box derby Friday afternoon at 1:30 o'clock, a bathing beauty revue Saturday at 2 and a jitterbug contest at 7, special entertainment and water fights Sunday afternoon, and spectacular high dives by Capt. E. H. Hugo every evening—these are some of the highlights.

Rides and carnival attractions of various sorts will supplement the entertainment.

Legion Elects Harry Message

New Commander Chosen to Succeed Clarence H. White

Harry Message, commander; William W. White, senior vice-commander; William S. Phillips, junior vice-commander; Roman Vos, finance officer; James C. Fields, sergeant-at-arms; Dr. Earl J. Hays, chaplain, and Walter J. Hills, bogardus officer, are the new officers of Antioch American Legion Post No. 748 who were elected at a meeting Friday evening.

John L. Horan was re-appointed as adjutant and service officer.

Clarence J. White is the out-going commander.

The new and outgoing commanders and Phillips and Horan will be delegates to the district Legion council, William W. White, James L. Waters, Dr. G. W. Jensen and Otto S. Klass are alternates.

FARM HAND VICTIM OF HIT-RUN DRIVER

Andre Peletowske, Lake Villa, Is Found Dead on Highway 59

An unknown hit-run driver was blamed for the death of Andre Peletowske, 67-year-old Lake Villa farm-hand, whose body was found along the right-of-way on Route 59 south of Grand avenue Monday morning. An inquest was held Monday afternoon in the Strang Funeral home by Deputy Coroner M. E. Penney.

The body was discovered at 5 a. m. by a driver for the National Tea company. He notified state police, and Highway Officer Paul Chase of Antioch sped to the scene.

Identification was made difficult by the absence of cords or papers, but Chase succeeded in locating a friend of the dead man, Frank Raziulin, employed at the Chesney farms near Lake Villa, who identified him.

Raziulin stated that Peletowske, who was employed at the Hanna Valentine farm on Highway 54 south of Lake Villa, had visited him Sunday afternoon and evening, and had started after dark to walk home.

A Significant Trend

One of the most significant trends of the present day is the manner in which the women of this country, as reflected through the activities of the various women's organizations are concentrating their efforts and abilities on the solution of serious social and community problems. Programs of women's groups are attaining sharper objectivity, reflecting a desire to get right down to business, to an even greater extent than has been apparent in the past.

The Board of Directors and 500 state committee chairmen of the National Federation of Business and Professional Women's Clubs, Inc., have subscribed to the conviction "that women must participate more vitally, more intelligently in the everyday mechanisms of government if the people's rights to 'life, liberty and the pursuit of happiness' are to prevail—if they are to weather the storms coming towards us from within as well as without our country."

What many persons, and perhaps men particularly do not appreciate is that the host of time and labor saving devices and better household products, the yield from American industry working under the private enterprise system, permits the American women to accomplish her household duties better and much faster than was possible even a few years ago. The result is that the women of this country have an increasing amount of time available to accomplish those civic and social tasks that naturally fall within the scope of their special abilities. "Women's

place is in the home" might today well be altered to read: "Women's place is to be of the utmost helpfulness in her sphere of life."

Price of Liberty: Eternal Vigilance

As true today as when written 150 years ago:
"It is the common fate of the indolent to see their rights become a prey to the active. The condition upon which God hath given liberty to man is eternal vigilance; which condition if he break, servitude is at once the consequence of his crime and the punishment of his guilt."
—John Curran—1750-1817.

A Billion for Research

Dr. Karl T. Compton, President of the Massachusetts Institute of Technology and Chairman of the Advisory Committee on Scientific Research of the National Association of Manufacturers, has come forth with an excellent suggestion. If followed it may go a long way toward providing jobs for people now unemployed and enhance even further our high American standards of living.

Dr. Compton has suggested that industrial firms create a billion dollar industrial research fund by diverting two percent of their gross incomes for research purposes.

In a survey of 188 companies by Dr. Compton's committee last month, it was found that ten companies were spending over 10 percent of their income for research. If all companies in the United States spent only two percent of their income for this purpose, Dr. Compton said, the total would amount to more than a billion dollars a year—probably five times as much research as is being done now. "In the research that has NOT been done," he added, "America may have missed many a nylon, neoprene, polaroid or even an automobile industry."

We reiterate that in this direction (new industries) lies the soundest solution for unemployment and many other economic problems.

CHEVROLET TRUCKS

LEAD IN SALES..

because they lead in economy,
dependability and value!

TRUCK OWNERS WANT
FACTS...CHEVROLET GIVES
Certified Proof

On the longest test run ever conducted under the supervision of the A.A.A. a stock Chevrolet 1½-ton truck turned in a marvelous performance record. These facts are clearly outlined in a booklet entitled "You may obtain it from your Chevrolet dealer or by writing to Chevrolet Motor Division, General Motors Sales Corp., General Motors Building, Detroit, Mich."

Chevrolet trucks lead in sales because they have the most desirable balance of power, economy and durability—power to do the job well, economy to do the job at low cost, and durability to stay on the job. That all adds up to value—exceptional value that has kept Chevrolet trucks out in front in sales—leading again in 1940, as they have led year after year. Consider modernizing some of your trucking equipment now—all models and types of Chevrolet trucks are still available at today's low price level.

The
Observer

Now that it's cooler, we can bear to publish this additional hot weather note from Clayton Fuller, of Felter's subdivision, Clay says it was so warm tomatoes cooked on the vine in his garden. He was going on to add that it was so warm, in fact, that corn popped on the cars in his cornfield, when we had to leave Mr. Carey's electric shop where he was at the moment, and get back to work. . . . But we're willing to concede that it might have, at that.

Over on Highway 41 there is a big sign directing motorists to the beautiful Chequamegon bay region 410 MILES NORTH, on Lake Superior. While commending the enterprise of the northern tourist region, a person also cannot help but notice that there are no signs pointing the way to the equally beautiful Illinois-Wisconsin Chain O' Lakes region, only seven miles away.

One of the more successful business men of this region, commenting, said that this fact reminds him of a cartoon he once saw of the man who made the best mousetrap. The man's place was festooned with cobwebs. The world had not beaten a pathway to his door.

It seemed he had neglected to let the world know about the mousetrap. The moral is, It Pays to Advertise.

Of course, all the advertising in the world isn't going to do much good if you don't treat the customers right and make 'em want to come back again.

A friendly town, friendly resorts—many of them in superb natural settings of water and woodland—and unparalleled opportunities for healthful, wholesome recreation—these really give the Chain O' Lakes area something to "tell the world" about.

Confucius says: "Nobody ever got very far by hating his neighbor."

"If neighbor has good business, rejoice, for some of it will come your way."

Anybody ever notice what a good looking view that is, gazing west on Ill. Highway 173 at Lake Antioch, between Highways 21 and 59?

We've been reading the papers again, and so help us—

"Sterling, Ill.—Shallies that in some places piled to a depth of four feet blocked traffic over the Fulton Clinton high bridge for nearly two hours last night."

"Fifteen men in hip boots used shovels and a snow plow to clear a path. The bridge appeared to be covered with ice and snow. Trucks with chains were unable to operate until most of the flies had been shoveled into the Mississippi river."

Sombody ought to tell the Burlington, Wis., Liars' club about that.

Kenosha, Wis.—Maybe this is what's the matter with WPA, or maybe it's just a sign of the times, but at any rate there's a new attempt at a reply to one of the questions contained in a citizenship application today.

These are busy days in the office of the circuit court clerk, where people are swarming in for citizenship papers, that almost anything can happen.

So there wasn't much of an outcry when one of the clerks, upon reading over the answers submitted by an applicant for second paper read:

Question: Have you ever been an inmate of an insane asylum?

Answer: No, but I've worked on WPA.

—As bad as all that?

—O—

Waukegan—Declaring that there is a prevalence of indecent exposure at the Waukegan municipal beaches, Al-

derman William Schaufel last night called for action to seize all individuals changing their bathing suits in cars.

"There is no reason for this indecent practice," said Schaufel. "We now have a beach pavilion which provides the accommodations, I want the police department to be ordered to put a stop to it immediately."

—Why not charge admission instead?

—O—

Theme song — "Playmates! Come out and play with me—"

Kenosha, Wis.—Sunday night was sultry, hot and uncomfortable for almost everybody.

Particularly was it so for Bruce Frankson, two-year-old son of the Rev. and Mrs. Frank Frankson.

At 4 a. m. today the youngster decided there was no comfort in his crib. He took off his pajamas. That was better, he mused. He found the front door open, but the screen door was locked from the inside. It seemed cooler outdoors anyhow, so the lad unhooked the door and went out for a walk.

Bruce walked along Sheridan road gloating in his new found freedom and comfort. He walked over to Fourteenth avenue and paused before the window of a bakery, five blocks away.

The youngster was standing thus in his birthday suit when a bakery truck driver observed the lad. Police headquarters were notified, and a squad car soon was on the way back to the Methodist parsonage with the youngster.

Meanwhile Mrs. Frankson had awakened, and when she found the child gone from his bed and the front door unlocked she became alarmed. But her concern was short-lived when she saw the youngster coming up the front steps.

All is now calm again in the Frankson household.

SOCIETY

MRS. BROOK IS HOSTESS AT 3RD "SCHOOL REUNION"

The lawn of the J. Ernest Brook home, beautiful with Scarlett O'Hara morning glories and phlox, was the setting for the "third school reunion" party at which Mmes. Brook, Blanche Kiefer, W. W. Warriner and Addie Zimmerman were hostesses last Thursday afternoon to others who attended the old Antioch grade school.

An old-time spelling bee and games were enjoyed following a wicker roast and a dessert of cake and ice cream. Those present included: Mmes. Lillie White, Alice Gullidge, Belle Longman, Maude Hurtgen, Effie Nelson, Emma Simons, Olive Burke, Cora Budge, Florence Volk, Lillian Coulson, Hazel Sibley, Lelia Anderson, Eva Kaye, Antoinette Fields and daughter, Mary; Belle Hughes, and Miss Elizabeth Webb.

SOMERVILLE'S BACK FROM EASTERN TRIP

Back from a two weeks' trip to Washington, D. C. are Mrs. Mollie Somerville and her son and daughter-in-law Mr. and Mrs. Earle Somerville of Kankakee, and Mrs. Earle Somerville's father, M. V. Thompson. While in Washington they visited Mount Vernon, Arlington Cemetery, the tomb of the Unknown Soldier, and many government buildings. They also visited Philadelphia, Pa., Baltimore, Md., New York City, where they saw the World's Fair, the Statue of Liberty and other points of interest. They returned home by way of the Finger Lakes of New York state and made stops at Niagara Falls and Detroit, Mich.

On their return, Mrs. Earle Somerville and her father left for Kankakee, while Earle and his mother spent a few days at Lodi, Wis., as guests of Mrs. J. B. Strangway.

CORNELIA ROBERTS RETURNS FROM SUMMER TOUR

Miss Cornelia Roberts, daughter of Mr. and Mrs. H. S. Roberts of Merry Glen, Lake Marie, has returned from an 8,500-mile tour which started from and ended at Normal, Ill.

The tour included visits to places of interest in Mexico, western United States and western Canada. Miss Roberts acted as instructor in history on the trip. She also filled the same position on a tour from Normal last year. She may take part next year in a tour to be sponsored by the University of Oklahoma, which sought her services this summer.

BRIDE-TO-BE IS HONORED AT SHOWERS

Miss Ida Paulsen, daughter of Mr. and Mrs. Chris Paulsen of Antioch, was honored at a miscellaneous pre-nuptial shower at the home of her grandmother, Mrs. Andrew Pedersen of Waukegan, Friday evening.

On Wednesday evening, Mrs. Ralph Miller entertained at a personal shower at her home in honor of Miss Paulsen.

W. F. Bartelt, Fox Lake real estate and insurance man, was a business caller in Antioch Tuesday.

Mrs. A. D. Wilson and two children of Carrollton, Ill., are spending two weeks at a cottage on Lake Catherine. Mrs. Wilson is a daughter of Mr. and Mrs. Ernest Birger, proprietors of the Style Shop. With her are Miss Margaret Buell and Miss Marie Baumgartner of Carrollton.

Mrs. T. Iversen, Mrs. J. Beck, Mr. and Mrs. R. Sundin and Miss Bernice Jensen, all of Chicago, spent Sunday with Mrs. N. C. Jensen and Miss Ella Jensen.

Mr. and Mrs. N. E. Sibley had as dinner guests Monday evening Mr. and Mrs. H. E. Shepard of Woodstock, Mr. and Mrs. B. R. Burke, Mr. and Mrs. H. B. Gaston, Robert Burke and Miss Deedie Tiffany.

HICKORY

Miss Caryl Tillotson attended a birthday picnic at the home of her friend, Miss LaFune Duffenbury, at Hales Corners, Wis., last Sunday.

Mrs. Ralph Miller gave a personal shower at her home Wednesday afternoon, in honor of Miss Ida Paulsen, who will be an August bride.

Mr. and Mrs. Burt King and Mr. and Mrs. Donald Carfner (nee Dorothy King) and two children of Chicago, also Mr. and Mrs. Mark Wagner (nee Lillian King) and three children from Rockford, attended a family picnic at the Emmet King home last Sunday.

Mr. and Mrs. George Olsen of Waukegan visited the Max Irving family Saturday afternoon and evening.

Mr. and Mrs. Ed Cook were dinner guests Sunday at the Chris Cook home.

Fred Cook of Sterling, Ill., was home over Sunday.

Harold Thompson and Mr. and Mrs. Will Thompson and Helen, visited the George Thompson family in Zion Sunday evening.

Gerhardt Lange of Hebron is a medical patient in Kenosha hospital this week.

Mr. and Mrs. Max Irving visited the Anderson home at Lake Villa Monday evening.

Mr. and Mrs. Wilbur Hunter of Mundelein called on Mrs. Will Thompson Tuesday afternoon, July 30. Their Tuesday afternoon, July 30. Their Norfolk, Va., on August 8 for a visit home.

Ants to Crows is Range of Children's Pet Show Entries

The pet show held on the Recreation playground at Antioch Grade school Tuesday afternoon attracted both adults and youngsters with a variety of interesting pets.

Dogs of all descriptions were leading in number; kittens, an Angora cat, rabbits, bantam chickens, turtles and gold fish, a black crow and white Leghorn roosters were among the pets displayed.

Mrs. H. B. Gaston, Mrs. Lon Jarnigo and Mrs. W. A. Lahti acted as judges and awarded red, white and blue ribbons to the winners. The pets were classified as most beautiful, ugliest, most unusual, youngest, oldest, largest, smallest and the best trick performer.

Tex Wiley, Lake County Camera Club technician, took pictures of the different groups with their pets.

First, second and third awards for the most beautiful pets went to Cleo Ann Weaver for her pedigree, thoroughbred dog, Earl Heiber for his police dog, and Victor Lubkeman for his Persian cat.

First, second and third awards for the ugliest Jack Cos for his horned turtle, Preston Bratrude for his ant, and Larry Behrens for his bull dog.

First, second and third awards for the most unusual were Willard Randall's crow, presented by Russell Stowe, Freddie and Teddie Nielsen for their rabbits and bantam chickens, and Patsy Anderson for her pet rooster.

First, second and third awards for the youngest pets were awarded to Roberta Anderson for her 2 weeks old rabbit, Jimmy Daneke for his 5 months old pup, and Mary Christine Vos for her two kittens.

First, second and third awards for the oldest pet to Bobby Wilton for his 10 year old dog, and Earl Heiber for his 8 year old dog.

First, second and third for the smallest pets went to Jane Vos for her gold fish, Betsy Messager for her kitten and Ronald Vos for his turtle.

The best trick performers were Mollie Somerville's dog, first award, Shirley Miller's dog, second award and Bobby Wilton's dog, third award.

Other winners were Jimmie Daneke's dog for the best behaved, Mary Rose Webb's dog for the best groomed and Nancy Ellis' dog for the most jittery.

Ed Kapsa is the Antioch Recreation leader.

Antioch F. F. A. Boys Enter Exhibits in Elgin Agricultural Exposition

Names of the Future Farmers of America (vocational agriculture students) from Antioch and the Lake county region who will show their blue-blooded live stock and their prize garden produce at the Elgin Agricultural Fair Tuesday through Friday, August 13 to 16, were announced today by Herbert R. Damisch, president of the exposition.

Antioch boys entering the competition are:

Lloyd Drom, dairy calf; Richard Hartnell, dairy calves (2) and cow; Elmer Hartnell, dairy calf; Francis Swenson, dairy calves (2) and cow; Lloyd Miller, dairy calf; Earl Boisen, dairy calf; Wayne Drom, gilt, boar, sow, barrow; Ray Wells, ewe lamb, ram lamb, ewes (3) and wethers; Albert Smith, ram, wether and ewe; Norman Edwards, beef heifers; Warren Welch, beef steer; Robert Severson, garden; James Jones, garden.

They will be accompanied to Elgin by their instructor, C. L. Kutt, director of vocational agriculture at the Antioch High school.

All told, 163 farm youths from 20 communities in Kane, DuPage, Cook, McHenry, Boone, and Lake counties will show at the fair, the entry list of F. F. A. live stock alone totaling 368 animals.

The fair this year will include many new features, including a Boy Scout village, a horse show, entertainment by the WLS Barn Dance troupe, trap-eze and clown acts, and countless other attractions. Children's day will be observed on Tuesday, August 13, while Wednesday, August 14, will be Dairy day, with the awarding of the Governor's trophy to the champion dairy animal of the fair, and the colorful dairy maid contest as the evening highlights. Thursday, Aug. 15, will be Elgin day, and Friday, August 16, Horse Show day.

In addition to the F. F. A. competition for \$1,000 in cash prizes and ribbons, there will be an open class contest at the fair, in which many live stock breeders from throughout northern Illinois are planning to compete. Some \$1,500 in awards will be presented to winners in this division, while another \$500 is being offered to those who win in the horse show.

Mrs. John A. Barry, 992 Main st., returned Tuesday from a trip to Vermont and New York city. While in Vermont she visited her cousin, Mrs. Ted Ray, at Northfield.

RADIO TALK DEALS WITH "EDUCATION"

The Bahai broadcast over WRJN, Racine radio station, at 3 p. m. daylight saving time, will next Monday present the subject "Is This the Time of the End?" Mrs. A. F. Matthisen of Bristol is the speaker.

This past Monday the subject was "Principles of Bahai Education," and among the interesting points presented were: "No two people have exactly the same capabilities and talents, and the true educator will never attempt to force two natures into the same mold. We fail as educators, if we do not teach children to adjust themselves happily to life conditions; if we do not teach children to contribute according to his particular talents and capacity, to the social welfare of mankind. Education begins, not in the class room, but in the home. In educating for peace—the woman plays the most important part, because she is the first educator of the child. Training for peace begins with the infant. Every child should be taught in choosing his life work to ask himself the question—Is this life work I am choosing going to be of benefit or harm to my fellow-man?"

"Last but not least, is the need to combine material and spiritual education. Because of groups of opposing religions in the body-politic—most public education has renounced all authority over the spiritual life of the child. If allowed to continue this will lead to the spiritual bankruptcy of the race. Character training can only be based on the fundamental truths of religion. The solution? The unity of religion. Service to the world of humanity."

Nine Day Program Is Arranged for Wisconsin Fair

Antioch fair-goers who have in past years attended with considerable enjoyment the annual Wisconsin state fair at Milwaukee, have an even finer program than usual ahead of them this year, directors of the exposition announce.

The program, from Saturday, Aug. 17, to Sunday, August 25, includes: Sat., Aug. 17—Aviation and Defense Day. Afternoon, official AMA motorcycle races; evening, WLS barn dance, Wisconsin State Fair Horse show; Sunday, Wisconsin Day, with "Stars of America" outdoor show in the evening.

Monday, Children's day; harness races, horse show; Tuesday, American Legion and Pioneer Day; Wednesday, Governor's and Fraternal Day; Thursday, Milwaukee and Poultry and Egg Day; Friday, Dairy Day, Press Day, Racine County Day; Saturday, Youth Day; Sunday, Aug. 25, AAA National Championship Day.

Marshal George Will be Matched With Jim McMillen

Friday's Card

Marshall George vs. Jim McMillen
Juan Humberto vs. Bert Rubi
Walter Palmer vs. Jimmie Landis
Cecil McGill vs. "Bad Boy" Brown

Two hundred and thirty-seven pound Marshall George, the Boston brawler, will get his big chance of his middleweight title campaign Friday night in Peg's Grayslake Arena when he goes up against Lake county's own Jim McMillen.

George is one of the super-heavyweights of the sport, standing well over six feet in height and tipping the beams at more than 15 pounds over Jim's weight. He started wrestling professionally five years ago in Portland, Oregon, while working as a lumberjack in the great forests of the Northwest. When he came east seeking his fortune in sports he caught the eye of Paul Bowser, prominent in Eastern wrestling circles, who helped train him for his present career. Bowser is expected to sit at the ringside at the lake arena Friday night to watch his protegee in action against McMillen.

In the semi-windup match handsome Juan Humberto, who divides his time between rough riding on Hollywood movie lots in western screen thrillers, and wrestling against some of the best heavyweights in the sport, goes up against Bert Rubi, former Hungarian Olympic star.

In the other matches Bad Boy Brown returns to Lake County for the first time in three years to take on Cecil McGill of Texas, while Walter Palmer, former light-heavyweight amateur state champion, mixes with newcomer Jimmie Landis.

England Extends Sea Blockade As Nazis Continue Air Raids; Japanese Arrest British 'Spies'

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)
(Released by Western Newspaper Union.)

While waiting for Adolf Hitler's scheduled invasion of England the British army undergoes special training in beach fighting tactics. This picture, passed by the British official censor, shows the Royal Scots Fusiliers, "Somewhere in England," being trained on the seashore for the "Battle of the Beaches."

THE WAR: Extensions

While England extended her sea blockade of Europe to include the coastlines of Spain and Portugal to cut off possible re-shipments of war supplies through these countries to Germany and Italy, the axis powers were busy extending their air and submarine warfare against the British isles.

With new and more stringent orders the British high command threw the entire strength of the royal navy behind the restriction of shipping to the enemy as notice was served on all Atlantic commerce that all cargoes were subject to seizure unless navicerts—a form of passport for approved shipments—could be produced by the captains of the shipping vessels.

While German and Italian troops were massing along the French coastline across the channel from England, the Nazi air force continued its smashing raids against the coast towns of Britain. Berlin claimed that the important port of Dover had been seriously crippled by repeated bombings but the British countered with the statement that always the invader was driven away from his objective, losing many planes in the process. Figures were released in London claiming the loss of 240 German planes in the past month.

A change in the plans for the defense of Britain was revealed when the order went out to remove many of the barriers which had been erected across roads to impede travel of the invading forces. It was explained that now since the home defense has organized the entire island into one "large armed camp" these barricades were not only unnecessary but a possible handicap.

POLITICS:

Underway

Thus far both Republicans and Democrats have confined their 1940 political activity to a long-range "hit and run" exchange of statements regarding the respective demerits of each other's cause, but with the Willkie notification speech scheduled for August 17, that date is looked upon as the time for the beginning of a "knock-down and drag 'em out" campaign.

While Candidate Willkie has been busy conferring with party leaders on the draft of his speech, Democrats were casting about for a choice to succeed James A. Farley as head of the national committee and campaign manager for Franklin Roosevelt and Henry Wallace. After several prospects had been considered,

Crump of Memphis, Tenn.—brand him as a "foe of the people," declaring that Willkie's whole life "has been a fight against the people."

JAPAN:

British 'Spies'

Although directly opposed to many of the political and trade policies of the British government in the Orient, Japan has usually been quite cagey about refraining from tramping too roughly on Johnny Bull's toes. But with the British pretty busy at home and with the Royal navy occupied at the task of enforcing the "blockade of Europe" the Japanese have taken the opportunity to move in a bit on the English.

It now appears that a very definite drive against British espionage and propaganda has taken form in Japan and the arrest of at least 13 British citizens—well-known residents of Tokyo—started a series of diplomatic exchanges between the two nations that may have a very serious effect upon their future relationship. Domet, Japanese news agency, reported that one of the Britons arrested, Melville James Cox, newspaper correspondent, had committed suicide while undergoing questioning by Japanese officials.

Britain immediately demanded a complete investigation of the incident and called for substantiation of the spy charges but word from Tokyo was soon forthcoming that Japan would resist any official protest over the affair. Japanese officials announced that they had "sufficient evidence" against the prisoners and that arrests were continuing despite strong British reaction.

U. S. Ban

Japan had a little complaining to do on her own score as the United States put into effect a government order requiring that all future exports of scrap iron would be subject to a federal licensing regulation. Japan has been a heavy buyer of U. S. scrap for use in the manufacture of munitions to pursue the war against China and the Japanese would be prone to believe that the order was aimed directly at them. While U. S. officials were non-committal, the feeling persisted that America might be taking a slap at Japan for her unfriendly attitude toward Britain and her ever-increasing friendliness for the axis powers.

Included in the U. S. order was a phrase calling for the same export license requirements for shipments of aviation gasoline. Washington said U. S. supplies of this vital commodity were low but Tokyo said it was direct step to bring "economic pressure" against Japan.

FOOD:

Full & Famine

While crop reports from Europe indicate that serious food shortages may result in near-famine for that continent this winter, the grain bins of North America will soon bulge with the huge surplus of bread grains and feeds. When the 1940 harvest is finished an estimated exportable surplus of wheat alone of 60,000,000 bushels—largest in history—will be stored in the United States.

Fugitive?

Mme. Genevieve Tabouis, one of France's best-known political commentators, is shown as she arrived in New York, on the S. S. Britannic from Europe. Mme. Tabouis, one of the French columnists who consistently warned the world on the menace of Hitler, is now reported a fugitive from the new French government.

U. S. DEFENSE: Appeasement

As the Congressional opposition to a peacetime military draft continued to grow President Roosevelt asked for authority to call the National Guard into immediate active service for a year's intensive training.

While it appeared that such authority would be forthcoming the opponents of the conscription plan refused to be appeased by an offer of the proponents to cut the registration limit to include only men between the ages of 21 and 30 rather than those between 18 and 64. This opposition headed by Senators Burton Wheeler of Montana, Norris of Nebraska and Vandenberg of Michigan argued that special training for the National Guard at the present time would provide enough margin of defense in the nation's manpower line up.

Five Billion More

As the debate over the manpower issue developed, the house of representatives quickly passed another defense measure calling for the expenditure of \$4,963,151,957 as a further boost in the nation's preparedness drive. The money, requested by the President, would launch work on the two-ocean navy, deemed so vital if England's naval force should be lost to Germany. Also included in the bill, which now goes to the senate, are provisions for 14,000 additional warplanes, and cash for purchasing equipment for 2,000,000 soldiers.

TRANSPORTATION:

Tragedy

Railroad investigators blamed failure of a train crew to follow instructions for the death of 42 persons in a tragic head-on collision of a 73-car freight train and a gasoline-motor coach near Akron, Ohio. They said that members of the gasoline-coach crew had been instructed to side-track to allow the freight train to pass but for some reason had neglected to do so. Severely injured, the crew members could not immediately give their version of the accident.

CENSUS:

'Biggest'

As adding machines click and results are checked, findings of the 1940 census continue to take shape. Latest reports indicate that true to predictions rural areas are growing at the expense of large cities. The "25-biggest" cities list has been released showing New York, Chicago, Philadelphia, Detroit and Los Angeles, in that order, still ranked as the five largest. Houston, Texas, ranking twenty-first and Denver, Colo., twenty-fifth, made the select list for the first time, crowding out Jersey City, N. J., and Portland, Ore.

THE WORKS AND THE WORD OF GOD

LESSON TEXT—Psalm 19.
GOLDEN TEXT—Let the words of my mouth, and the meditation of my heart, be acceptable in thy sight, O Lord, my strength, and my redeemer.—Psalm 19:14.

Consistently beautiful and beautifully consistent is the revelation of God, whether it be in the glory of His works, or in the perfection of His Word, or in His gracious dealings with man. The spiritually minded man sees God in all of His works, whereas the blind materialist sees only matter and natural laws which he may use or abuse. He makes of God's creation things for his own comfort or for the destruction of his fellow men, not recognizing "the Creator, who is blessed forever." This is a serious matter, for in so doing the unbeliever has "changed the truth of God into a lie" (read Rom. 1:20-25).

The psalmist here presents God as He is revealed in nature, in His Word, and in the heart of man.

I. God's Glory Revealed in Nature (vv. 1-6).

"The heavens declare the glory of God." The sun in all its glory and power and the stary stillness of the night all "utter forth a glorious voice," as Joseph Addison expresses it:

"Forever singing, as they shine,
The hand that made us is divine."

Nature speaks eloquently of God without saying a single word. The eye, the mind, and the heart of men may see in and know from nature alone the "eternal power and God-head; so that they are without excuse" (Rom. 1:20). "No man living beneath the copes of heaven dwells beyond the bounds of God's court preachers."

Those who do not hear or heed these voices, whether their ears "are stopped with the clay of earthly tastes and occupations, or stuffed with scientific wadding of the most modern kind" (MacLaren), are described by Paul as having their foolish heart darkened: "Professing themselves to be wise, they became fools" (Rom. 1:21, 22).

Nature gives only a limited revelation of God, showing His existence, power and wisdom; but to really know Him we must see

II. God's Perfection Revealed in His Word (vv. 7-11).

Nowhere in the book of nature is it written that God is a Redeemer, a cleanser from sin, a restorer of the soul. That truth is found only in His Word—the Bible. What folly then for sinful men who need redemption to see God only in nature, but never look into His Word or go to church that they may hear His truth proclaimed. The final and perfect revelation of God is in His Son, Jesus Christ, the Redeemer. The psalmist with the eye of faith saw the perfection of God revealed in His law. We are privileged to know the Son of God who came not "to destroy the law . . . but to fulfill."

Note the beautiful symmetry of verses 7-9:

Law . . . perfect . . . restoring (R. V.)
Testimony . . . sure . . . making wise
Statutes . . . right . . . rejoicing
Commandment . . . pure . . . enlightening
Fear . . . clean . . . enduring
Judgments . . . true . . . altogether righteous

Little wonder that the psalmist says that the words of God are sweeter than honey, more precious than gold, and worthy to be heeded and kept. The great reward of thus knowing God's Word is that we may learn of

III. God's Grace Revealed in the Heart of Man (vv. 12-14).

Man is a sinner; sometimes he sins unwittingly and ignorantly; sometimes deliberately and in presumption; and sometimes both. What shall he do with his sin? The psalmist says to bring it to God in repentance and prayer for cleansing. We may add to his invitation the admonition to come for cleansing in the blood of Christ.

"Come to this fountain, so rich and sweet:
Cast thy poor soul at the Saviour's feet;
Plunge in today, and be made complete:
Glory to His name!"

God's grace not only cleanses—it keeps us. He is able and willing to make not only the words of our mouth, but the very meditation of our hearts acceptable in His sight. That means holy living. There is nothing more needed in our day than a revival of Christian living in the daily responsibilities of life. Personal purity of heart and motive, recognition of God's Word in thought and life—these things will make the believer "upright" (v. 13) and reflect honor and glory on the Lord who is our "strength" (R. V. "rock") "and redeemer" (v. 14).

Principle Holds Good

Except a man become like a little child, we are told, he cannot enter into the kingdom of heaven. This principle holds good in other kingdoms as well. Unless we become as humble as a child and are willing to be taught we cannot enter into the kingdom of music, or art, or knowledge, or scientific agriculture.

The quarterly Conference of the Antioch Methodist church, have voted to build a new church. A building committee has been appointed consisting of John Welch, chairman, Dr. Joseph Karr, W. S. Westlake, Charles Pullen and D. A. Williams. A committee for soliciting funds consists of W. S. Westlake, chairman, Dr. E. H. Ames and Mrs. Anna Karr. The new building is expected to have a seating capacity of 400, and its approximate cost will be \$500.

Three races will be given at the Antioch Park Association track on Saturday, Aug. 11. Roy, the Kid, record 2:07, to break the track record 2:16, now held by Pinto 2:13 1/4. A matched race between Q. R. Z., record 2:19 1/4, and Nina V., record 2:22 1/4. There will be a 2:40 trot or pace with four horses entered, and a 3:00 trot or pace with five entries. Capt. Timmy, of Kenosha, is also to start two horses.

Lake Villa was the scene of a thrilling incident last week when Bertha Backer, 15, and Hedwig Kless, 14, of Chicago, who are camping at Cedar Lake, saved Will Lewin from drowning. Lewin, who is a good swimmer, had swam a mile out in the lake where the water is of unknown depth, when he was seized with cramps. The two girls who were in a rowboat, hastened to the spot and Bertha managed to catch him by the hair as he was going down. Although Lewin weighs over 200 pounds and was unconscious, they managed to lift him into the rowboat without overturning it and get him to shore, where he was restored to consciousness in about an hour.

Two-thirds of the cornfields in the United States are burning up under the blazing sun, and unless heavy, soaking rains come at once the corn crop of 1913 will be far below normal.

While watching the ball game here last Sunday, Harvey Watson of Rockefeller suddenly found himself watchless and timeless. A batted ball came his way and struck him directly on the watch pocket, with the result that his timepiece was considerably broken up.

Zion women will henceforth be permitted to "go through" their husbands' pockets at any time. "You say she has no right to go through your clothes," shouted the overseer. "I say she has! and I'll give you women authority to search your husbands' clothes at any time. Don't take money out of his clothes, though! If you do you're a thief."

A barn building "bee" was held by the farmers Wednesday on the Charles Pullen farm east of town to replace the barn that was struck by lightning and burned July 4.

Adolph Kucera and Charles Filstead won the pie-eating contest at the R. A. M. picnic last week at Sylvan Beach.

Eric Noe of Allendale Farm, who was graduated last spring from Antioch High school, has been granted a scholarship at the University of Illinois. Noe, who was brought to this country from Poland after his parents were killed in the war, walked to Waukegan and back one Saturday last spring in order to take the examinations.

A field day postponed from last week will be held Saturday at Channel Lake Country club.

MILLBURN

Thirty-five mothers and friends attended the fifth annual Achievement Day program of the Millburn Maidens' 4-H club held at the schoolhouse on Wednesday afternoon, July 31, at 2 o'clock. The club finished one hundred per cent with 20 members completing at least one garment and a record book.

The program consisted of a song, "Sierra Sue," by Lois Truax accompanied by her mother, Mrs. Ida Truax. Demonstrations were given on "Shrinkage of Fabrics" by Helen Prince and "Tailor Tacks" by LaVergne Harkness. Audrey Kallal gave a talk on "Tucks" and Florence Boehm talked on the "Proper Care of Clothing." Ellen Jefferson and Katherine Meyers, accompanied by Carol Ruth Upton, sang, "On the Isle of Capri." Georgia Lee Reidel accompanied by Elaine Jahnke, sang "Stingy." A demonstration of "Stain and Spot Removal," was given by Lois Bonner, and Shirley Wells showed the different kinds of hemming. A demonstration of "Inserting a zipper" was given by Carol Ruth Upton and Doris Edwards showed how to insert sleeves. Georgia Lee Reidel talked on the subject: "Be Chewsy about Your Food." Alice Jones gave a talk on the "Care of the Teeth." Mary Jean McCann gave a demonstration of "Hanging a Dress" and Evelyn Schwitich showed how to make a belt. Esther Weber played a piano solo and Alice Denman gave the president's yearly report. Jacqueline gave a talk pertaining to clothing.

All the members modeled their garments before the audience in a dress revue. Ten school dresses, four sport costumes, five tailored dresses, and one sleeping outfit were modeled. After the dress revue, all the members sang the 4-H Clover song. Refreshments were served.

Mary Jean, Bobby, Louise, and Margaret Ann McCann with their aunt, Mrs. Everett McClure and children of Gurnee spent Monday with their cousins, the Lalor family at Hebron.

Mr. and Mrs. Robert McCann visited their sister, Mrs. Lalor, at Winfield Sanitarium Sunday afternoon.

Phyllis McClure of Gurnee spent the week-end with Beryl Bonner and the girls took part in the band concert at Union Grove, Wis., where the Zion band played.

Miss Agnes Vincell of Milwaukee is spending some time at the home of her sister, Mrs. W. C. Upton.

Week-end guests at the Victor Strang home were Owen Berger, Chicago, Robert and Donald Falconer of Riverside, Forest Williams of Waukegan and Lyman Bonner. All enjoyed a dinner Saturday evening followed by a theatre party in honor of their son, Glenn's birthday. Sunday the six boys enjoyed a picnic dinner with

Glenn's brother, Lloyd Strang, at Delavan Lake, Wis.

There was a good attendance at the cafeteria supper served by the Ladies' Aid at the church Thursday evening.

GET SET! IT GIVES NOW CROQUET-SEASON STARTS, AMID INSULTS

Brawny gents are knotting up their muscles and spitting on their hands these days as they prepare to take part in the gentle (you're another) game of croquet.

Antioch croqueters are now practicing up, getting ready to do dirt by Kenosha county experts over the Wisconsin state line, and vice-versa.

Says Dick Moran, one of the Kenosha county team's stalwarts last year—"Those Antioch guys had better practice. We're going to give 'em an awful trimming."

Says Joe Panowski, a last year's stellar player for Antioch, "We aren't going to lick those fellows from over the line TOO badly, but..."

Moran's new court at his Fairway Grill on Highway 83 is now ready for play. The court at John Gever's place in Trevor is also available. Both are lighted for night play.

Besides local matches, the players also hope to arrange all-star games with teams from other vicinities.

Ladies are by no means discouraged from playing—but they're WARNED they're taking their own chances. Croquet, as the lads play it, is distinctly a tough game.

Supply Company Helps to Curb Truck Speed Menace

Co-operation of the Producers' Material company in having truck drivers reduce speed along the road leading to the Buckley sand and gravel pits from Landrock's corner has been assured in a letter from company officials to Joseph W. Nosek, acting as attorney for Woodcrest subdivision.

Protests that trucks were maintaining speeds that might result in accidents to children walking along the right-of-way had been made by residents of the subdivision.

While pointing out that the company could not assume any responsibility for drivers' not in its employ, the reply assured Woodcrest residents of all possible co-operation within its power.

Nosek, a former corporation counsel for the city of Chicago, is forwarding to the company a message of appreciation.

Orville Cunningham Moves to New Location

Orville Cunningham, who has operated the Gateway Twin Lunches at the corner of Skokie highway and Route 173 for the last two and a half years, announces to his friends and patrons that he will be located in his new place of business a mile north of his present location at the corner of Skokie and Russell road after August 9. His new place of business will be known as Cy's lunch, and he will serve lunches and refreshments, making a specialty of barbecue sandwiches. A service station will be operated in connection with the lunch room. He invites his friends and patrons to visit him in his new location.

'Electric Eye' Made 50 Times Keener at U. of I.

A method to increase the keenness of television "eyes" and improve their response to colors has been developed in the electrical research laboratories of the University of Illinois. It involves multiplying the light-sensitivity of a potassium surface as much as 50 times.

It also is valuable for the "electric eyes" used by astronomers to measure the light of stars. Also, it may increase the sound quality of movies by reducing background noise and the amount of amplification needed in making the sound audible.

The "electric eye" in common use in recent years was made possible by the work of University of Illinois scientists years ago who showed how to increase the sensitivity and durability of the original selenium cell.

The new development was carried to completion by Prof. Joseph T. Tykociner, father of the sound-on-film for movies. A patent has been granted.

The method consists of bombarding the light-sensitive potassium surface in a photoelectric cell or "electric eye" with atomic hydrogen and electrons. It may be applied to other alkali metals used for the sensitive surface also, but with less increase in their light-sensitivity.

University of Illinois College of Pharmacy Has 80-Year History

For 80 years the University of Illinois College of Pharmacy has been training men and women to accurately compound prescriptions. It was the first pharmacy school west of the Alleghenies and the third in the nation. Today it is the only recognized school of its kind in the state.

The first class, 80 years ago, met six hours a week for 20 weeks. The courses consisted of lectures by various practicing "druggists." There was no laboratory work.

The 227 students now registered in the college must complete a four-year course of study. Their teachers are experts in the field. The course includes adequate laboratory as well as classroom training.

Candidates for pharmacist's papers also must be credited with four years of service as an apprentice working under the supervision of an experienced registered pharmacist. Then, after passing a stringent state examination, they may be licensed as registered pharmacists and place "R.Ph." after their names.

Training in the University of Illinois College of Pharmacy qualifies the graduates not only to fill prescriptions, but also to enter the research or manufacturing fields of pharmacy. The students learn not only what drugs to use, but why, and how they are prepared.

Old 'Make 'Em Sweat' Idea Out at U. of I.

They've taken the Indian clubs and medicine balls out of the "physical education" classes at the University of Illinois. The old time idea of "making 'em sweat" 30 minutes a day, twice a week, has given way to a "sports curriculum" in which students learn activities they continue outside of class and for years to come.

Ice skating, tennis, bowling, bait and fly casting, swimming, golf, and social dancing are among the popular subjects. The schedule lists 33 different courses for men and 15 for women. These are the general courses, entirely separate from professional courses to train physical education teachers and athletic coaches.

"The purpose of a college or university—of any school for that matter—is to teach activities useful in life," says Dr. S. C. Staley, director of the School of Physical Education. "A good life includes leisure. We help educate for that by teaching golf, or tennis, or skating, or swimming."

A recent survey showed that tennis is the most popular course, followed by softball and skating, bowling and golf.

New Dean Appointed For U. of I. Dentistry

Dr. Howard M. Marjerison, dean of Tufts college dental school, Medford, Mass., has been named dean of the University of Illinois College of Dentistry. He will take over the office September 1 from Dean Frederick B. Noyes, who is retiring.

Dean Noyes has headed the college since 1926 and been on the university staff since 1914. The College of Dentistry was organized in 1905 from a department created in 1901 in the College of Medicine.

In 1938 the college moved into new quarters in the new 15-story tower section of the university's Medical and Dental laboratories building in Chicago. This new building is regarded as the finest dental college structure in the world.

Univ. of Illinois Has 3 Colleges In Chicago Unit

Medicine, Dentistry, Pharmacy Are Part of City's Great Medical Center.

Illinois has the nation's largest College of Medicine in terms of numbers of students; it has a College of Dentistry building which by common consent is regarded as the best in the world; it has a College of Pharmacy which was the first of its kind west of the Allegheny mountains, the third in the nation, and today is one of the country's leaders, Dr. R. B. Allen, executive dean of University of Illinois colleges in Chicago, said today.

The university's colleges of Medicine, Dentistry, and Pharmacy and the associated hospital units of the state department of public welfare in Chicago are the second largest part of the city's great West Side medical center. The largest unit of the center are the Cook County hospitals having more than 3,000 beds. The center spreads over several large city blocks.

"In relation to the entire state, the University of Illinois colleges have a unique position," Dean Allen said. "Every one of the 635 medical students is a resident of the state of Illinois. The College of Pharmacy is the only approved college of its kind in the state."

Relations of the three University of Illinois colleges with the state department of public welfare are an outstanding and unique example of co-operation between state units. The department provides buildings for special research and institutional work, and the university provides the clinical and teaching staff. The patients come from all parts of the state. The buildings adjoin and are a part of the university's medical campus.

"The colleges are as much a part of the University of Illinois as those located in Urbana-Champaign on the main campus. But they are located in Chicago because here are located the hospital and other facilities which are necessary for training professional men and women in the health sciences," explains Dean Allen.

Approximately 1,200 students are registered in the university's three colleges at Chicago. The staff of 760 persons for teaching and other services includes approximately 300 instructors who serve without salary while maintaining private practices.

The plant is valued at nearly \$4,000,000. The clinics and dispensaries serve more than 6,000 persons a year. There are 635 students in medicine, 226 in dentistry, 230 in pharmacy, and some 200 graduate and special students.

Among the hospitals and institutes maintained here by the state department of Public Welfare and staffed by the University of Illinois is the Research and Educational hospital, a general hospital of 200 beds. Each year some 6,000 charity patients are selected for study and care here. The obstetrical department cares for 1,000 deliveries a year, 70 per cent in the hospital.

Seven surgical operating rooms have amphitheaters for medical students to view the work of the staff experts. The cancer clinic has a 400,000 volt X-ray machine, recently acquired 2 1/2 grams of radium for its work. The entire hospital is used for teaching medical students through practical clinical work.

The Illinois Surgical Institute for Children has beds for 150 patients. Its services include a treatment swimming pool, school rooms, and a shop for manufacturing braces and plaster casts. Patients are admitted from anywhere in the state when they are unable to pay for necessary services, or when the condition from which they suffer can be benefited by special study and has teaching value.

The Psychiatric Institute is a central research unit for all state hospitals caring for mental cases. It now has space only for 60 beds, but a new building to be occupied this summer will provide for 150 more beds for this department and the department of Neurology and Neurosurgery.

The Institute for Juvenile Research is unique in that it is studying the causes, prevention, and treatment of juvenile delinquency in all forms. No other state has a service organized in this way. Its studies in the growth and development of children are of special medical interest.

Dean Allen calls attention to a unique example of collaboration between not only two colleges of the University of Illinois but colleges located on the two campuses—that at Chicago and that at Urbana-Champaign. This example is the study of the effect of atmospheric environment on the functioning of the body in health and disease.

This study of air conditioning is being carried on jointly by the College of Medicine at Chicago and the College of Engineering at Urbana-Champaign. The engineers are experts in studying the equipment, the physicians in studying the effects on humans.

1,500 Editorials Read In WILL Program

More than 1,500 newspaper editorials are read every year in the "Illinois Editorial Review" program presented twice a week over the University of Illinois non-commercial radio-station, WILL (580 kc.). It is the only educational non-commercial broadcaster in the state.

Two hundred copies of Illinois daily and weekly newspapers are read each week to prepare the "Illinois Editorial Review." The papers include some 25 daily and 50 weekly publications from all parts of the state.

The University of Illinois has the world's first association of dads of college students. It was organized in 1921. Current officers of the University of Illinois Dad's association are Perry Graves, Robinson, president; George F. Maharry, Tolson, vice president; Chauncey L. Finck, Urbana, secretary-treasurer. Directors are John R. Fornof, Streator; Roy J. Solisburg, Aurora; Frank H. McKelvey, Springfield; Wert Herrick, Clinton; C. C. Glasscock, Mattoon.

Captain Hugo....

(continued from page 1)

summers, but in the winter she stays with Mrs. Hugo's family at Iowa City, Ia., and attends school there. She has been "on the road" with her parents since she was a few months old.

"She doesn't care much for show life, though," Hugo observes.

Captain Hugo has a 665-acre farm which he and his father, now dead, bought in Oklahoma.

"When he is not on tour he spends a great deal of his time at his hobby of wood carving. A special concession at the Lions festival will feature a number of tiny wooden puppet-like figurines he has made.

The regulation 100-foot fireman's ladder truck he uses for his jumping exhibitions is now parked on the village lot at Main and Orchard streets.

"People don't come to admire the equipment, though," Capt. Hugo laughs. "They come to see me break my neck."

He doesn't know just how he first came to have the idea of using a fireman's truck for his jumping exhibitions.

"It's easy to get around with it,"

he says, "and it's well suited to this type of exhibition."

"I'm an honorary member of the Kansas City fire department and I work with them when I'm in town. Every October they put on a demonstration there, and I do my jump while some of our men hold the net for me.

"I see by the papers where our chief out there—Chief Charles Hardwick, has been let out. It's politics, for he's one of the finest chiefs in the country. People out there are in quite a fever over it."
